

Marking Criteria for COMM1140 Group Assignment

Group Contract Submission (2 Marks)

		<i>Performance Description</i>			
	Assessment Criteria	Unacceptable	Acceptable	Good	Exemplary
Group Contract (max 2 marks)	Group contract submission	No contract submission	Late contract submission	Contract submitted on time	
	(max 2 marks)	(0 marks)	(0-1 mark)	(2 marks)	

Video Submission (98 Marks)

Question One (7 Marks)

	Assessment Criteria	Performance Description			
		Unacceptable	Acceptable	Good	Exemplary
Q1 (max 7 marks)	A concise description of the history of the business	Failure to mention the history or failure to concisely describe it	Brief mention of the history of the business	A concise description of the history of the business	A concise description of the history of the business
	(max 1 mark)	(0 marks)	(0.5 mark)	(1 mark)	(1 mark)
	A concise description of how the business generates revenue	Failure to mention the business model or failure to concisely describe it	Brief mention of how the business generates revenue	A concise description of how the business generates revenue	A concise description of how the business generates revenue
	(max 2 marks)	(0 marks)	(1.5 marks)	(3 marks)	(3 marks)
	A concise description of the customer base	Failure to mention customer base or failure to concisely describe it	Brief identification of the customer base	A concise description of the customer base	A concise description of the customer base
	(max 2 marks)	(0 marks)	(1.5 marks)	(3 marks)	(3 marks)

Question Two (35 Marks)

	Assessment Criteria	Performance Description			
		Unacceptable	Acceptable	Good	Exemplary
Q2 (max 35 marks)	Analysis of financial performance, including commentary on:	Reports relevant financial performance ratios	Reports 3 relevant financial performance ratios	Reports 3 relevant financial performance ratios	Reports 3 relevant financial performance ratios
	Interpretation of relevant ratios related to profitability and/or efficiency	Basic interpretation of financial performance ratios. No justification for the choice of the ratios or the peer is provided, or it is unclear.	2 (or more) years' history with one or more relevant peer comparisons (at least one peer must be used) and/or industry average. Justification for the choice of the ratios and peer is clear.	2 (or more) years' history with one or more relevant peer comparisons (at least one peer must be used) and/or industry average. Justification for the choice of the ratios and peer is clear.	3 (or more) years' history with one or more relevant peer comparisons (at least one peer must be used) and/or industry average. Justification for the choice of the ratios and peer is clear. Note: It is not mandatory (but preferred) to also include industry averages if they are available.
	Comparison to peer or industry	Limited comparison to industry average/peer	Basic interpretation of financial performance ratios, taking into account trends and peer performance.	High-level interpretation of financial performance, taking into account peer performance.	Exemplary interpretation of financial performance, taking into account peer performance.
	Trend analysis (Note: this means comparing the results over time. If you are calculating the ratios for different years, you have this covered)	Incorrect analysis or no interpretation of ratios.	Basic-level comparison with yearly figures for FY 2024 included.	High-level comparison with yearly figures for FY 2024 included.	Exemplary comparison with yearly figures for FY 2024 included.
	(max 15 marks)	(0-8 marks)	(9-10 marks)	(11-12 marks)	(13-15 marks)

	Assessment Criteria	Performance Description			
		Unacceptable	Acceptable	Good	Exemplary
	Analysis of financial position , including commentary on:	Reports relevant financial position ratios	Reports 3 relevant financial position ratios	Reports 3 relevant financial position ratios	Reports 3 relevant financial position ratios
	Interpretation of relevant ratios related to financial structure and/or liquidity	Basic interpretation of financial performance ratios. No justification for the choice of the peer is provided, or it is unclear.	2 (or more) years' history with one or more relevant peer comparisons (at least one peer must be used) and/or industry average. Justification for the choice of the ratios and peer is clear.	2 (or more) years' history with one or more relevant peer comparisons (at least one peer must be used) and/or industry average. Justification for the choice of the ratios and peer is clear.	3 (or more) years' history with one or more relevant peer comparisons (at least one peer must be used) and/or industry average. Justification for the choice of the ratios and peer is clear. Note: It is not mandatory (but preferred) to also include industry averages if they are available.
	Comparison to peer or industry	Limited comparison to industry average/peer	Basic interpretation of financial position ratios, taking into account trends and peer performance	High-level interpretation of financial performance, taking into account trends and peer performance	Exemplary interpretation of financial performance, taking into account trends and peer performance
	Trend analysis	Incorrect analysis or no interpretation of ratios.	Basic-level comparison with yearly figures for FY 2024 included.	High-level comparison with yearly figures for FY 2024 included.	Exemplary comparison with yearly figures for FY 2024 included.
	(max 15 marks)	(0-8 marks)	(9-10 marks)	(11-12 marks)	(13-15 marks)
	All ratios and calculations for the analysis of financial position and financial performance (Question 2) are provided with the video presentation.	No tables are included in the video presentation.	Tables are included in the video presentation but only present some of the required ratio calculations, or are presented in a way that lacks clarity or visual effectiveness. Note: Detailed calculations can be provided in an appendix (e.g. an Excel worksheet) and emailed to your tutor. It is not necessary to include all individual calculations in the video.	Tables are well-designed and effectively present all ratio calculations in a clear and visually appealing format in the video presentation for Question 2. Note: You are encouraged to include detailed calculations in an appendix (e.g. an Excel worksheet) that should be emailed to your tutor. You are not required to show all individual calculations in your video – focus on presenting the results clearly and professionally.	
	(max 5 marks)	(0 marks)	(0-3 marks)	(4-5 marks)	

Question Three (11 Marks)

	Assessment Criteria	Performance Description			
		Unacceptable	Acceptable	Good	Exemplary
Q3 (max 11 marks)	Identification of risk	Group fails to identify a relevant risk for the company that is disclosed in the annual report.	Group identifies a relevant risk for the company that is disclosed in the annual report at the time. However, it is not clear how it may impact on the company's future financial performance and/or financial position and/or it is not a relevant risk.	Group identifies a relevant risk for the company that is disclosed in the annual report at the time that clearly may impact on the company's future financial performance and/or financial position.	
	(max 3 marks)	(0 marks)	(2 marks)	(3 marks)	
	Description of how the risk affects financial performance or position	No description of how risk affects financial performance or position. OR Misinterpretation of how risk affects financial performance or position.	Basic description of how risk affects financial performance or financial position.	Integrated description of how risk affects financial performance or financial position.	Integrated description of how risk affects financial performance <u>and</u> financial position. There is an integration of discussion with the financial analysis provided in Q2.
	(max 8 marks)	(0-1 marks)	(2-4 marks)	(5-6 marks)	(7-8 marks)

Question Four (33 Marks)

	Assessment Criteria	Performance Description			
		Unacceptable	Acceptable	Good	Exemplary
Q4 (max 33 marks)	a) Compare your allocated company with the 3 similar companies and determine which one is the most similar	Start with 4 points. A comparison of attributes of the allocated and two comparison companies was provided. Little or no supporting evidence or references were provided.	A comparison of the attributes of the allocated company and 3 comparison companies was provided from which one could somewhat be seen as the most similar company. Some evidence and references were provided.	A comparison of the attributes of the allocated company and 3 comparison companies were provided, which one could be seen as the most similar company. Credible evidence and references were provided.	A clear, well-presented, and logical comparison of attributes of the allocated company and 3 comparison companies was provided from which could be clearly seen the most similar company. Convincing evidence and references were provided.
	(max 11 marks)	(0-4 marks)	(5-6 marks)	(7-9 marks)	(10-11 marks)
	b) Calculate 2 per share valuation ranges and the average valuations of your allocated company. One range and average come from using an equity multiple, the other range and average come from a firm multiple. Provide evidence and calculations.	Start with 4 points. Two valuation ranges and two averages were provided, but support from calculations and evidence is lacking or dubious.	The valuation ranges and averages were supported by mostly correct calculations.	The valuation ranges and averages were supported by correct calculations and by referenced evidence.	The valuation ranges and averages were supported by correct calculations and by referenced evidence. These were well-presented and logically explained.
		Deduct 1 point for each missing range or average.			
	(max 11 marks)	(0-4 marks)	(5-6 marks)	(7-9 marks)	(10-11 marks)
	c) What factors are affecting the two valuation ranges? Provide evidence and their sources.	Provides little evidence on the factors affecting the valuation ranges or the discussion is shallow or unconvincing. Start with 4 points and deduct points if the discussion is less convincing.	Provides some clear and supporting evidence of factors affecting the two valuation ranges. The discussion is acceptable. Some aspects need improvement.	Provides clear and good supporting evidence of factors affecting the two valuation ranges. The discussion is well presented.	Provides clear and well supported evidence of factors affecting the two valuation ranges. Overall, the discussion is convincing, properly referenced, and well-presented.
		Give zero if there is no discussion about it.			
	(max 11 marks)	(0-4 marks)	(5-6 marks)	(7-9 marks)	(10-11 marks)

Question Five (5 Marks)

	Assessment Criteria	Performance Description			
		Unacceptable	Acceptable	Good	Exemplary
Q5 (max 5 marks)	A short description of whether the group recommends Felicity Trust continuing its involvement in the syndicate loan	No clear evidence was provided for the decision.	Reference was made to the loan decision, but limited argumentation was provided to support the recommendation or argument.	Reference was made to the loan decision mostly draws on clearly identifiable arguments. Argumentation is strong, but could be more convincing or professionally stated.	Convincing arguments are presented, based on evidence presented in the report previously, on whether the loan facility should be extended.
					Argumentation is presented clearly and professionally, as would be expected in a graduate role (i.e., 3-5 clear points that your manager can understand).
	(max 5 marks)	(0 marks)	(2 marks)	(3-4 marks)	(5 marks)

Additional Criteria (7 Marks)

	Assessment Criteria	Performance Description			
		Unacceptable	Acceptable	Good	Exemplary
Additional Criteria (max 7 marks)	Structure and Professionalism of the Presentation	The group achieved one of the below: - Clarified the purpose of the presentation at the beginning - There was a clear transition between group members during the presentation - The presentation had a clear conclusion		The group achieved two of the below: - Clarified the purpose of the presentation at the beginning - There was a clear transition between group members during the presentation - The presentation had a clear conclusion	The group achieved all of the below: - Clarified the purpose of the presentation at the beginning - There was a clear transition between group members during the presentation - The presentation had a clear conclusion
	(max 3 marks)		(1 marks)	(2 marks)	(3 marks)
	Timing of the Presentation	Timing rules were not followed (+/- more than 60 seconds)		Timing rules were not followed (+/- 30-60 seconds)	Timing rules were followed (within 30 seconds)
	(max 2 marks)		(0 mark)	(1 mark)	(2 marks)
	Use of Visual Aids	Data visualisations are absent from the presentation.		Data visualisations are provided in the presentation but are aesthetically lacking and/or do not effectively convey information.	Aesthetically pleasing data visualisations are provided in the presentation and convey information effectively.
	(max 2 marks)		(0 marks)	(1 mark)	(2 marks)
