

Group Assignment Submission Instructions

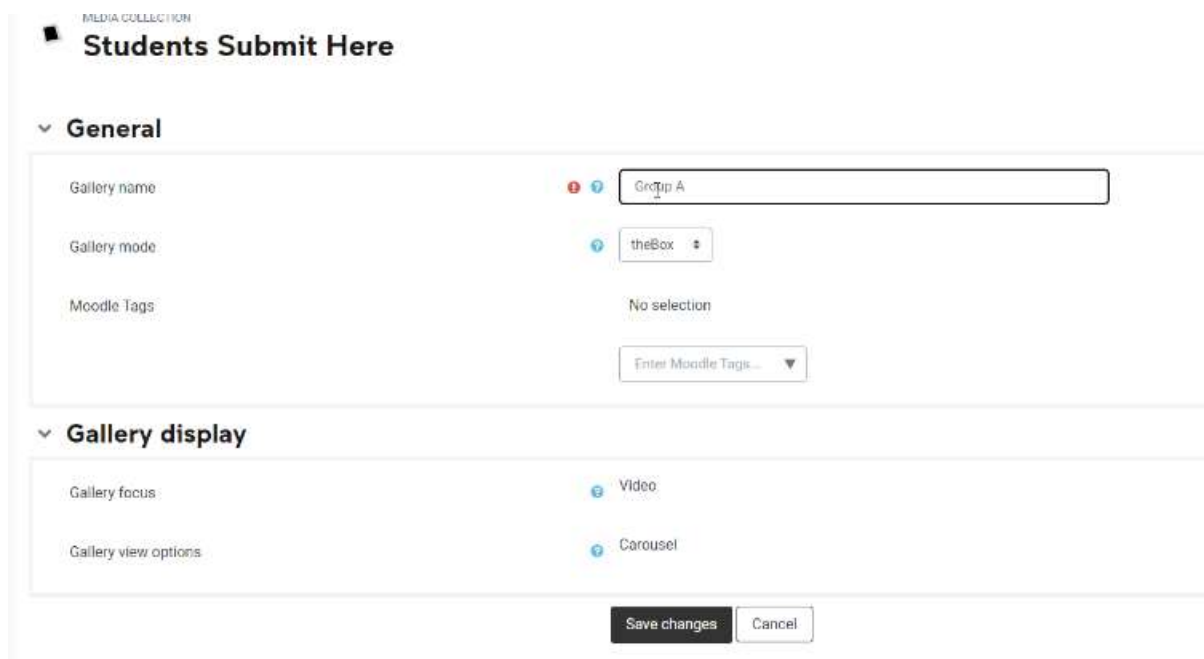

One group member should complete the below steps to submit your video assignment ahead of the submission deadline.

Instructions

1. Click on Group Assignment Submission Link
2. Click 'Add a Gallery'

3. For Gallery Name, please use the format tutorial section name – company. For instance, if you are in T09A, and completing the assignment on Kogan – the gallery name should be T09A – Kogan. You can see your tutorial name here (see section name)

- After this, you will be prompted to upload your video. You should drop your video here. Please wait while your video uploads and then click save.

- Click on 'Submit Assignment'. The wording for 'submit assignment' is a little small, but it is crucial that you click on it; otherwise, there won't be any submission attempt. You should not worry if you see 'this video is being processed'—this is normal and can be ignored. You do not have to do anything else here.

7. Check the declaration box beside “For Individual Assignment”. Please note that even though the checkbox is next to individual assignment, it is a declaration for both the individual and group assignment – they are not separate.
